

THE LAST LINE OF DEFENSE – YOU!

DID YOU KNOW?

A bad hire that leaves in six months can bleed a company of \$40,000

1/3 of businesses fail because of internal theft

Businesses as a whole suffer about \$4 billion in embezzlement losses each year

Before bad hires can make it in, YOU are the one everyone expects to keep them out.

And now there is another tool for your arsenal - A web-based pre-employment screening program.

API's partnership with InfoMart makes it happen.

NOW DO THE SCREENINGS FROM RIGHT YOUR OFFICE

InfoMart is one of the largest background screening companies in the country. Some of their key clients in Wisconsin include the Green Bay Packers, Schneider National and Georgia-Pacific.

This powerful company has teamed up with API Services to seamlessly integrate their web-based system into any business. You get total control over the pre-employment screening process – At a very competitive price.
